Principal
Years 5 and 6 Fuchsia had an amazing opportunity yesterday to be involved in the grand opening of the Taronga Western Plains Zoofari Lodge. Our students were proud ambassadors of Buninyong public School as they helped welcome the representatives into the official venue. The students made and decorated masks that represented the animals you may see on an African safari. To top their experience off the students were able to meet and chat with comedian/actor/conservationist John Cleese, interacted with talented African drummers and see a number of the new additions to the zoo, such as the baby cheetahs. What a great educational resource we have in the Taronga Western Plains Zoo! We are privileged and fortunate to have these opportunities available to us.

Feedback from Strathpine Community Kindergarten:

This talk was both informative and very well presented. Louise was able to captivate us all with her lively, informative and down to earth approach to what would normally be a scientific and “information overload” topic. Parents even made comment weeks later about the significant behavioural changes in their children after making adjustments with their family’s diets. We recommend Louise’s talks to all parents and have Additive Alert in our Parent Library which is a regular read for new parents. We all have her handy Additives to Avoid card in our wallets to arm us with knowledge in the supermarket!
