Carnival
Thanks Mrs Lyons for organising a great day yesterday. You even got the sun to shine. It was nice to see so many parents and carers joining us and celebrating the success of their children. The sportsmanship displayed by the students was excellent as was the participation in all events.

Thanks Shirley for taking the canteen to carnival. The new facilities are a credit to the Dubbo City Council, a world class track.

Homework Centre - K-6
Next term, beginning week 2, we will be starting a Homework Centre on Monday and Thursday afternoons from 4 to 5pm. This will be staffed by teachers and support staff. It will allow the students to complete their homework and do some extra reading and maths to support class learning. A light afternoon tea will be supplied prior to starting their work.

We encourage K-2 students to attend with a parent/carer. This will allow time for reading together and learning how the school and home can work to improve outcomes.

On the bottom of the newsletter there is an expression of interest form to fill in for us to see if this is a viable activity to run. Please fill it in and return to school so we can determine the number of staff required to support this afternoon activity.

Reports
Reports go home on Thursday of this week. Please check your child's bag to find this important document. Early in term 3 we will conduct another 3 way conference session to plan and review learning for the second half of the year.

Holidays
Enjoy your 2 weeks holiday. Keep warm and well and enjoy. See you on Tuesday 14 July.

Anne van Dartel
Principal

Support Unit News
This term in science and technology, students from Armstrong and Wentworth have been learning about what happens when different foods are cooked, including vegetables, rice and pasta. This has meant a lot of testing and tasting – and some great lunches! Armstrong looked at raw vegetables and rice, then they cooked them, then they ate them! Charlotte helped to make lasagne which everyone enjoyed for lunch.
